Subject : Test Well Pumping - Texaco

Dear Sir:

We are pleased to submit the following proposal to provide a test pump and personnel at Texaco, Delaware City Refinery.

A. C. Schultes & Sons proposes to furnish men and equipment to install, operate, and remove one (1) vertical turbine pump, diesel driven. The pump will be designed to pump 500 GPM at 100 ft. TDH. We will set the pump 120 ft. We will provide a 6" X 10" orifice and a gate valve. We will also provide sufficient irrigation pipe or fire hose to direct the flow away from the test well.

The cost for the above would be as follows:

-Pump installation	\$ 775.00
-Pump removal	\$ 775.00
-Pump rental	\$ 250.00/per well
-Pump operation, including personnel \$60.00 per hour - 4 days X 24 hours	<u>\$5,760.00</u>
TOTAL	\$7,560.00

Should you have any questions pertaining to the above, please do not hesitate to contact this office.

Very truly yours,

A. C. SCHULTES & SONS, INC.
